Repair, reinforcement and Protection**

## **Only a few days to release the first ACRP publication**

ACRP is already reaching the end of its Special Publication 2021. The association only has to work out a few layout details, so that the first and only ACRP publication can finally see the light in December.

## Featured news

[Get to know everything about the Symposium about the Bridge maintenance and safety in Europe 2022](https://www.acrp.eu/bridges2022)

The Symposium about the Bridge maintenance and safety in Europe 2022 will be held in Brussels (Belgium) on March 17, 2022. An event that will bring together professionals from all over the continent and in which we will recover that presence that we miss so much.

## [How the Concrete Rehabilitation Days 2021 went](#)

The Norwegian Association for Concrete Rehabilitation, NFB, has just held the 24th edition of its Concrete Rehabilitation Days. A professional and social meeting place for those working with concrete rehabilitation that this year took place between November 30 and December 1 in Oslo (Norway).

## [The Spanish Association for the Repair, Reinforcement and Protection of Concrete, ARPHO, celebrated its General Assembly](#)

The COVID-19 pandemic made face-to-face meetings impossible. However, the members of ARPHO got together again for a working day, where they took the opportunity to hold a General Assembly.

## [All we know about GIC 2022](#)

The 4th edition of GIC, the Italian Concrete Days, will be held at the Piacenza Expo exhibition centre on 28, 29 and 30 April. Is the only one specifically dedicated to the concrete and precast industries.
